HEIGHTS

PLATE LINE AUTOMATION

The HEIGHTS PS range of automated stackers with horizontal plate transfer are available in three sizes (70/85/125) and are recommended for customers with a medium throughput.

Their compact design gives a small footprint, ideal where space is an issue.

The PS stacker features variable belt speed, variable stack speed, adjustable transfer height, and a capacity of up to 120 plates (depending on model and plate size).

PS STACKER | PS70 / PS85 / PS125

PS AUTOMATED PLATE STACKER

	PS70	PS85	PS125
PART NUMBER	0452A088	0452A089	0452A090
